Daystar University Schools Course Planner

Dear Students,

To ensure smooth operations and planning of your academic journey, the University has developed a Planner which contains projected Courses for each Program in a School. The Planner is a guide meant to assist students to know which take courses to take per semester from the time of admitted to graduation. The Planner also enables HODs and Registrar to project courses per semester based on the stipulated duration of a given course or program. It is notable that the University Catalogue has elaborated course description for each program and students should consult it to get specific details of the courses. This planner is based on the new Trimester which began in August 2020.

Note:

1. PSY 211P is for students whose first degree is NOT in Psychology.
2. SOC 314P is for students who did not do Statistics in their undergraduate degree.
3. PSY 608D is for students who did their undergraduate degree at Daystar University and it replaces INS 612. Those whose degrees are from elsewhere MUST do INS 612.
4. If students follow this plan, they are likely to complete their studies in the required period.
5. Students are required to do 25 Hrs of personal therapy which is not part of School fees. This should begin after second semester - after taking their Counseling Fundamentals and Miro Skills course. Evidence that they have done personal therapy should be a letter from an approved therapist. This letter should be submitted to the HoD together with the Practicum report.
6. All students should do Practicum at the site of their choice but approved by the HoD or the Practicum Supervisor.
7. Practicum must be done after all other courses are done or evidence that a student has done 42 credit Hrs
