

**REMARKS BY CHAIR OF THE DAYSTAR COMPANY
BOARD DURING THE 43rd GRADUATION CEREMONY AT
DAYSTAR UNIVERSITY ON FRIDAY 13TH NOVEMBER
2020**

The Daystar University Chancellor, Prof. Mary Murimi,

The Chairman and Members of the University Council,

Daystar Company Board

Former Vice-Chancellors of Daystar University, Members of
the University Senate and Management Board,

Distinguished Guests,

Faculty, staff and students,

The Graduands of 2020,

Ladies and gentlemen.

Ladies and gentlemen, the proud holders of the 43rd graduation tag for the Daystar University, my very warm salutation to you all. Bravo! Just as you are excited at your graduation, so am I. I am excited to be associated with your success. Congratulations!

Daystar University Company congratulates you all.

The Greek philosopher, Socrates, living between 469 BC and 399 BC is quoted as having said “Let him that would move the world first move himself.”

In the “NEW DAWN” of Daystar, one cannot but come along side an aura of excitement that has overwhelmed our community. We owe the transformation that we now

celebrate to the population of a wonderful breed of modern students embracing the power of Christ. Daystar is set to give you the opportunity to discover more about yourself and discover the unlimited potential within you.

You, who now move out to the market place through Daystar University, have one of the most sensitive responsibilities. A responsibility to guard not just your own academic achievement and the knowledge execution ahead of you but, also to guard the name of an institution whose name is tagged on the King of kings, Christ Jesus, the morning Star.

My word to you is simple but not simplistic.

In order to move, to bring notable, significant change in the world to which you are being released, I present to you that you need substance. Move yourself first!

The philosopher Plato is quoted as having said, "Wise men speak because they have something to say; Fools because they have to say something." Carry yourself with such substance that will present you as wise because you have something to say and something to offer.

Daystar University has prepared you to learn to explore fields of knowledge, exposed you to other human beings sharing your lives and experiences and aspirations. By observation, Daystar has also given you a platform for discovery. Discovery of self and the potential imbedded in your person is considered by this University as an achievement of the highest quality.

Daystar University brings together men and women from diverse walks of life. As you venture into the calling of life and the preparation given to you through this university, make use of the relationships you have made. Gifts and skills and great endowments belong to people you have met here at Daystar University. I urge you to embrace with much passion the matters of networking.

The words of Paul in Ephesians 2:10 clarify our existence and occupation as follows, "For we are God's handiwork, created in Christ Jesus to do good works, Which God prepared in advance for us to do". Find the three pivotal platforms here and you will be an authority to reckon with. I pray that you arrive at the realization of one, who has made

you and two, the material with which you are crafted, and three, for what reason you were made.

God be with you in all your undertakings both now and forever more.
