

Daystar University Vice-chancellor Prof. Laban Ayiro appointed to the Board of Christian Higher Education (CHE)

FOR IMMEDIATE RELEASE

[Nairobi, August 7, 2023] Daystar University Vice Chancellor Prof. Laban Ayiro, has been appointed to the Board of Christian Higher Education (CHE).

This is a prestigious high impact International Journal of Research, Theory, and Practice. More glorifying is that this is a Taylor & Francis title! The journal serves and intentionally supports Christ-centered higher education and is known as the “go to” outlet for empirical studies of Christian colleges and universities.

Announcing Prof. Ayiro's appointment on 5th August, the Executive Director of the Center for Academic Faithfulness and Flourishing and Editor-in-chief of the journal, P. Jesse Rine, noted that Prof. Ayiro will bring a wealth of knowledge to the editorial board in view of his impeccable research and publishing profile.

The appointment comes on the heels of yet another appointment to the Council of Christian Colleges and Universities.

Christian Higher Education is a peer-reviewed archival journal that features articles on developments being created and tested by those engaged in the study and practice of Christian higher education. This journal addresses issues in finance, enrollment management, innovative teaching methods, higher education administration, program assessment, faculty development, curriculum development, and student services. Each issue offers a balance of essays on current research as well as programs and methods at the cutting edge of progress. The journal publishes, primarily, empirical research articles, though it also receives conceptual essays and field reports as well as faith integration papers.

As an Editorial Board Member, Prof. Ayiro will be the African voice on the Board and serve as an ambassador to raise awareness within his professional networks. This is a milestone not only for Prof. Ayiro's already colorful profile but to his University, Daystar, whose name will publicly be listed on the journal's masthead as one of the Research Universities.

Daystar University takes this opportunity to congratulate Prof. Ayiro for bringing honor and glory to the University
